Getting Started in R

Presenter

Dan Maxwell

Informatics Consultant

Marston Science Library
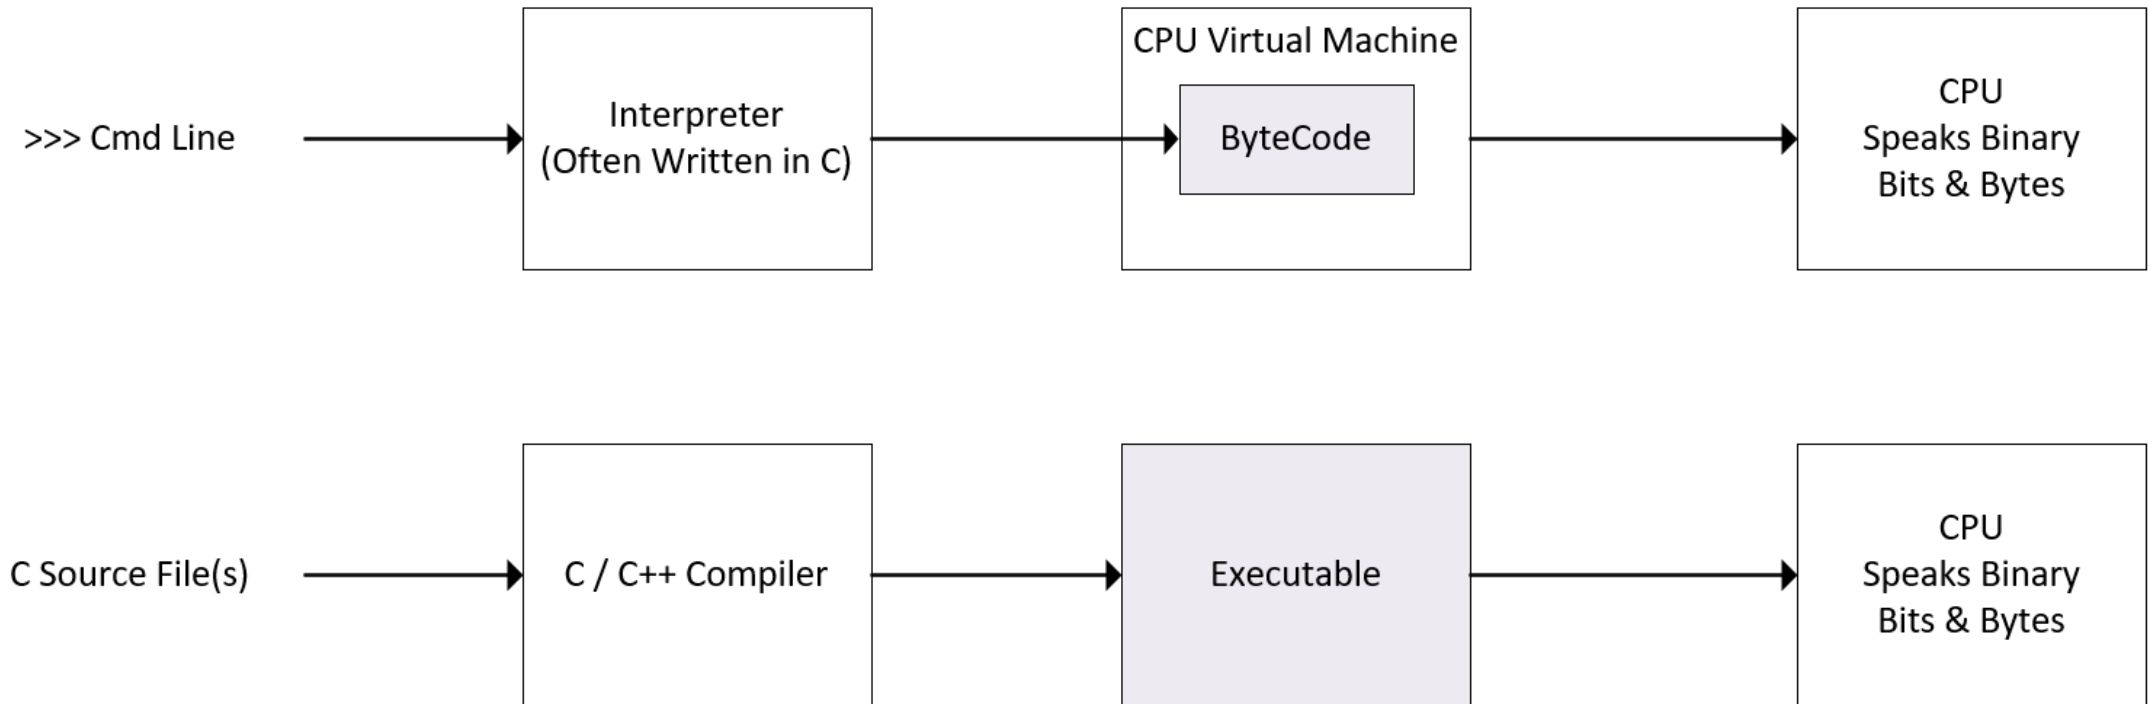

danielmaxwell@ufl.edu

Agenda

1. Learning Strategies
2. Architecture
3. Resources
4. Introduction to RStudio & R as Calculator
5. Seeking Help

Learning Strategies

1. Space out your practice sessions
2. Don't cut-and-paste code – type it out
3. Errors and warnings are learning opportunities
4. Start with what works and build out
5. Stuck? – Ask for help

Architecture

Resources
